

Smart Homes Market 2018 - Industry Analysis, Size, Share, Strategies and Forecast to 2025

Latest Report on Smart Homes Market Global Analysis & 2022 Forecast Research Study

PUNE, INDIA, February 13, 2018 /EINPresswire.com/ -- [Global Smart Homes Industry](#)

Latest Report on Smart Homes Market Global Analysis & 2022 Forecast Research Study

The report covers the analysis and forecast of the smart homes market on global as well as regional level. The study provides historic data of 2016 along with the forecast for the period between 2017 and 2025 based on revenue (US\$ Mn).

The study provides a detailed view of the smart homes market, by segmenting it based on application and geographical expansion. Buildings furnished with communication standards, intelligent systems and protocols thus providing the occupant with high level of comfort luxury and security are termed as smart homes. With the evolution of technology over the years, the adoption of controlled heating, lighting, electronic appliances such as AC, CCTV cameras, washing machine, TV etc. inside home premises have gained recognition significantly. Electronic appliances being operated from centralized device such as a tablet or a smart phone is an exclusive feature of smart home. Smart homes offer unparalleled security, energy efficiency and value much to the liking of the consumers globally. The major feature of smart home lies in monitoring, managing and controlling of home devices or appliances from any given point, at any given time which in turn has attracted consumers to great extent. Emergence of IOT (Internet of Things), technologies including Wi-Fi, near field communications, ZigBee protocols, and wearables and smart phones have increased the demand for smart homes market on a global basis.

Regional segmentation includes the current and forecast demand for North America, Europe, Asia Pacific, Middle East and Africa and Latin America. The segmentation also includes demand of the technology and applications in all regions.
