## Scope

- Growing adoption of 3G/4G services, and subsequent rise in consumption of online videos and social media applications on mobile handset platforms, will drive mobile data revenue, making mobile data the largest segment within the telecom market in Paraguay by 2020, surpassing mobile voice.
- Tigo Paraguay leads Paraguay's mobile market in terms of mobile subscriptions for 2017, followed by Personal Paraguay. Both operators, which together have more than 80% of the mobile market, compete on the basis of network expansions/upgrades and competitively priced offers to strengthen their market position.
- Paraguay Telecom revenue will grow at a CAGR of 4.2% from 2017 to 2022. This will be driven by continued rise in cable TV connections and a projected rise in DTH and IPTV subscriptions. Rising adoption of multiplay services will also drive market revenue.

## Key points to buy

- This Country Intelligence Report offers a thorough, forward-looking analysis of Paraguay's telecommunications markets, service providers and key opportunities in a concise format to help executives build proactive and profitable growth strategies.
- Accompanying Forecast products, the report examines the assumptions and drivers behind ongoing and upcoming trends in Paraguay's mobile communications, fixed telephony, broadband markets, including the evolution of service provider market shares.
- With more than 20 charts and tables, the report is designed for an executive-level audience, boasting presentation quality.
- The report provides an easily digestible market assessment for decision-makers built around in-depth information gathered from local market players, which enables executives to quickly get up to speed with the current and emerging trends in Paraguay's telecommunications markets.
- The broad perspective of the report coupled with comprehensive, actionable detail will help operators, equipment vendors and other telecom industry players succeed in the challenging telecommunications market in Paraguay.
