LOS ANGELES, CALIFORNIA, USA, February 14, 2018 /EINPresswire.com/ -- Award-winning Author and Renowned Realtor, Rudy L. Kusuma of the Team NuVision have revealed ten groundbreaking secrets that every new home buyer should know while making a purchase. In a recently published report titled '10 Secrets Every New Home Buyer Should Know', Rudy Kusuma has revealed what every buyer must know in order to save time and money while sealing the perfect deal. The report is now available on the website of Team NuVision and everyone can gain access to it for FREE simply by filling a form online.

"This report reveals what you should know before you buy Fixer Uppers and it is based on the research as well as the experience of many industry experts." Said Rudy Kusuma while introducing the newly published report. "Before deciding that your next home must be a fixer upper, you should do some homework on the subject and we are doing that homework for you with this report." He added. According to Rudy Kusuma, many prospective homebuyers have a romanticized version of the entire process and are quite shocked when confronted with the hard reality.

Even though Fixer Upper properties seem like a promising opportunity for saving money and buying a home on fewer rates, running the numbers is very important to save money. This report is full of tips and advice for homebuyers and it is based on facts that can actually help them. Moreover, the report dispels the five most commonly held myths surrounding fixer upper properties, while also providing a simple financial formula for estimating available profit, or savings.
