

\$21.9 Million - New Jersey Online Gaming has Record Month in January 2018

New Jersey Online Casinos and Poker Sites Are on the Rise

ATLANTIC CITY, NEW JERSEY, UNITED STATES OF AMERICA , February 14, 2018
/EINPresswire.com/ -- Who said New Jersey online gambling was slowing down? In the first month of 2018, [New Jersey online casino](#) operators raked in over \$21 million in online casino and poker gross gaming win. This triumphant record is a clear sign gaming is still on the rise in the Garden State and players are hungrier than ever to play online. With soon to launch brands like Hard Rock and Ocean Resort Casino this new record must have given them a much needed sigh of relief as many began to think the market had stagnated. Golden Nugget was the clear winner with \$7.29 million in win. However, under their license sits Sugar House and Betfair casino so the revenue is the combined total from all three of these operators.

"We're very excited to see growth in the market and expect it to grow far beyond its current level once [Hard Rock Online Casino](#) and [Ocean Resort Online Casino](#) join the game." said [www.BonusSeeker.com](#) Casino Editor, Anirudh Vashishth. "This is a clear sign operators have found their own formulas for success, and have done a great job at developing entertaining products that people want to play, so don't be surprised if you start seeing more adverts for online casinos in the coming month or two."

The New Jersey regulated online casinos generated \$21.9 million in January, up \$1,204,694 from December and up 5.8% month over month.
