

Miriam Wright of Wright Way To Your Dreams to be Featured on CUTV News Radio

ORLANDO, FLORIDA, UNITED STATES, February 16, 2018 /EINPresswire.com/ -- A record 20.5 million people were involved in direct selling in the United States in 2016, according to a report by the Direct Selling Association. That same year direct retail sales accounted for nearly \$36 billion.

Miriam Wright is the founder of Wright Way To Your Dreams, also known as Plan B. She can help you choose the right network marketing model to make your dreams a reality.

“I help individuals, especially women, who have a dream in the back of their mind but they don’t believe they have the financial security to make it a reality,” says Miriam. “I help them realize that through network marketing, they can earn that extra income that they need to fulfill that dream. You can work do it full-time, or part-time. You can even make money while you’re sleeping!”

With Wright Way to Your Dreams, Miriam helps her clients understand what network marketing really is and what the different models of network marketing are. Miriam is first to admit it takes a certain type of personality, a willingness to engage people, and not just friends and family, but strangers in the supermarket. The worst thing that happens is you make a new friend. The best thing that can happen is you sell a product someone will enjoy and see the value in it as much as you do.

There are over 1,000 network marketing companies right now in the US and worldwide. Every day 6,000 people join a direct sales network.

“This is the way of the future. I think any product can be sold strictly by word-of-mouth.”

While it’s important to have a secondary source of income, Miriam says it’s equally important to rely on yourself. At the end of the day all you’ve got is yourself.

“I know for a fact that doing work like this is very empowering. You get to meet so many individuals. You build relationships. You have to get to know that person, have that person get to know you.”

CUTV News Radio will feature Miriam Wright in an interview with Jim Masters on February 20th at 3pm EST.
