

# T/CCI Manufacturing Earns Navistar's International 2017 Diamond Supplier Award

*Award reserved for best-in-class companies in Navistar's supply base who exhibit exceptional levels of performance and service*

DECATUR, IL, UNITED STATES, February 16, 2018 /EINPresswire.com/ -- T/CCI Manufacturing, a world leader in compressor technology including reciprocating, swash plate, wobble plate, and variable compressor designs, has been awarded the Navistar International Diamond Supplier Award for 2017. Each year Navistar Inc. presents the Diamond Supplier Award to the company's highest-performing suppliers. As part of this select group, T/CCI represents the top two percent of the company's supply base that helps Navistar improve customer wait times and exceed expectations for quality, delivery, technology, and cost.

“This is an incredible recognition from Navistar, and a testament to the hard work and achievement of T/CCI staff and facilities globally,” T/CCI President Richard Demirjian said. “Through our continued partnership with Navistar, and the relationship we’ve built with their team, we can deliver the highest quality products for their vehicles in North America and their affiliates around the world.”

This is an incredible recognition from Navistar, and a testament to the hard work and achievement of T/CCI staff and facilities globally.”

*Richard Demirjian, T/CCI  
President*

“The Diamond Supplier Award means they can count on us to do the job and get it done right. That’s not something we take lightly and we are proud to receive the award.”

T/CCI has been a Navistar supply partner since 2013, providing the QP7H15 to the Navistar OEM and aftermarket sectors for heavy duty trucking. The QP7H is the leading design in the industry for the heavy duty truck and construction market. An anchor product for T/CCI, the 7H has a combination of advanced features including the ability to operate with lower oil circulation and less clutch wear, provided the customer with a longer lasting heavy-duty compressor.

T/CCI also supplies the majority of Navistar's school bus compressors for their Tulsa, OK bus plant. The QP21 makes up the majority of their supply along with a handful other models to fit various needs.

### About T/CCI Manufacturing

T/CCI is a world leader in compressor technology including reciprocating, swash plate, wobble plate, variable compressor and air brake compressor designs. We are an Original Equipment Manufacturer for trucking, off-highway, agriculture/construction, specialty vehicle and transport refrigeration markets. T/CCI is dedicated to a leadership role in the industry—investing resources through our engineering, testing and R & D labs including next-generation refrigerants that reduce emissions. Our global footprint spans manufacturing locations in China, Argentina and the United States with warehousing, sales and engineering in Illinois, Texas, China, Argentina, Ireland, Germany and Spain. We are committed to providing customers with superior products at significantly better prices. We achieve this through our application expertise, global logistics, design thinking and product innovation. T/CCI is recognized and awarded Bronze SQEP certifications by Caterpillar at both Ningbo, China and Decatur, IL manufacturing facilities.
