

# Formaspace Exhibits Unique Lab Workbenches at Pittcon 2018

*Come to booth #3507 @Pittcon 2018!  
See Triton, our integrated services bench  
or make an appt with our leadership  
team!*

AUSTIN, TX, USA, February 19, 2018  
/EINPresswire.com/ -- Leading Austin-  
based business furniture manufacturer  
for over 35 years exhibits versatile, cost-  
effective laboratory solutions

Formaspace, one of the country's  
foremost manufacturers of laboratory and  
industrial furniture announces that they  
will attend Pittcon to exhibit furniture  
solutions from their standard product line,  
[Benchmark™](#), and their integrated  
services bench, [Triton™](#), which originally  
debuted at Pittcon 2017 where  
suggestions were collected and a winner  
awarded out of the Pittcon entries to  
name the product. Feedback has been  
collected and changes have been  
applied to the bench that will be exhibited  
at Pittcon 2018.

Triton - Integrated Lab Services Bench

The company will be showcasing their unique offering at the 2018 Pittcon Conference and Expo, Feb 27 – Mar 1, 2018. Pittcon is the world's leading annual conference and expo on lab science, drawing governmental, academic, and industry leaders from more than 90 countries. Visit Formaspace's booth #3507 to see their quality products or [schedule a meeting with a member of the Formaspace executive team](#) to learn what solutions Formaspace can provide.

“

Everything you need in a lab is integrated into the bench, such as gas, water, air, power, and data. It speeds up lab occupancy. Order the bench, roll it in the space, and it's ready to go.”

*Jeff Turk, CEO*

on installation time and cost.

Triton™ was originally built out of what the Formaspace team saw as a void in the market: the need for a cost-effective, flexible, and customizable integrated lab bench solution. This adaptable lab services bench ships fully welded, cutting down

“Everything you need in a lab is integrated into the bench, such as gas, water, air, power, and data,” said Jeff Turk, Chief Executive Officer for Formaspace. “It speeds up lab occupancy. Order the bench,

roll it in the space, and it's ready to go.”

Formaspace standard products come with a wide variety of storage, powder coat, accessories, and surface options to choose from. Their standard product offering is easily modified to fit the client's needs or for more task-specific solutions, Formaspace can create a unique, custom product with no minimum order quantities.

At Pittcon, Formaspace will exhibit their ability to create high-quality modular lab products. However, Formaspace has capabilities to improve lab spaces with uniquely custom task-specific furniture solutions. From ideation to installation, they can own large-scale projects. From one bench to thousands of benches, Formaspace can successfully deliver a project in the specified timeline. Learn more about what they can do at both #3507.
