SUMMARY

WiseGuyReports published new report, "Global Athletic Apparel & Footwear Wholesale Market"

Athletic wear or activewear is a clothing, including footwear which is worn for sport or physical exercise. Sport-specific clothes are worn for practical, comfort or safety reasons. Tops, bottoms, shoes and more are made to enhance the comfort and performance of wearers during workouts.

In most of the cases, athletic wear is designed to allow its wearer comfort and a minimally inhibited range of motion. The shape of an activewear/athletic wear piece is usually dictated by the type of movements required by the activity for which it is intended, as well as the temperature conditions in which it is meant to be worn. Often it is made from fabrics that enhance the wearer's comfort.
