

Ilona Matteson to be Featured on CUTV News Radio

SOUTHERN SHORES, NORTH CAROLINA, UNITED STATES, February 21, 2018 /EINPresswire.com/ -- Did you know that whatever we hope to acquire in our lives - like love, fame, and wealth - we should ask the universe for it and by keeping our thoughts optimistic, we can actually create the life we dream of? It's called the Law of Attraction and there are wonderfully gifted people who can coach us to learn how to spiritually attain our desires.

Ilona is a spiritual life coach, energy healer, intuitive medium, oracle card reader, and founder of Spiritual Giant.

"If you're seeking guidance on anything, from relationships to finances, I can give you an oracle or Tarot card reading," says Ilona. "As a medium, I also help people connect with their departed loved ones. Since we are all made up of energy when our soul leaves our physical body it's still able to energetically connect and communicate with us in this universe. My work is so thoroughly rewarding because I'm helping people get unstuck."

A dedicated overachiever, Ilona was only 25 when she started her professional career acutely demonstrating her natural born leadership skills. As a top notch real estate broker, she spent 21 years mentoring people to skillfully achieve their goals. Although she was unquestionably exceling in her field, her soul wasn't fulfilled, and when she furtively began searching for a more profound way to help people, she was instantly connected to spiritual healing, particularly to The Universal Law of Attraction.

"It's a marvelous process learning how to utilize vibration and energy," says Ilona. "You simply have to say to the universe this is what I want and remain innately positive. Most people inadvertently focus on what they don't want instead of what they want, and as a life coach, I teach people how to comprehend and apply the law of attraction."

Quantum physics has proven that every single one of us is energy, since everything is comprised of the exact atoms that stars are made of, so we all release a vibration which will attract to you what you are vibrating. For instance, if you want love in your life you should merely embody that feeling of love. Ilona advises for people to be open to the universe because the cosmos knows what is ideal for you.

According to Ilona, our life is a complete reflection of the choices we make and she wishes to see people make healthier decisions. There is no law that says if someone says something ugly you have to be offended. You choose your emotions and responses.

“My soul mission is to clarify to people how to ultimately function better with the law of attraction,” says Ilona. “Anything that is not love needs to be metamorphosed into love. The optimal thing humans should do to alleviate terrible situations is to raise the vibration of love, and the more energetically the world is feeling affection, the less likely they are to behave immorally. What I sincerely desire is for everyone to be perfectly happy.”

CUTV news will feature Ilona Matteson in an interview with Jim Masters Friday February 23rd at 12 noon EST.
