

FIFA 18 World Cup Expansion Coming Soon! | PlayerAuctions News

LONDON, LONDON, UNITED KINGDOM, February 21, 2018 /EINPresswire.com/ -- FIFA fans rejoice! The World Cup expansion for the game is possibly just a free download away. There's no date yet when it will be released, however, you can expect it to be soon. It's a welcome change from EA's usual profit-making strategies, but hey, who's complaining?

What You Can Expect from the World Cup Expansion

The thirty-two teams that are playing in the real-life tournament will be available to play in the game. It's even playable when offline, so you can take it anywhere (in the case of the Switch). Expect small changes in position and new versions of teams in FUT, as this update will reflect the recent changes.

EA's still tight-lipped on what else can be expected from it. However, the hype is real enough for hardcore fans of FIFA, and this will just spur them on until the real-life World Cup opens in June.

In Other News

The update will be released late February to March, in order to capitalize the popularity of the World Cup event in real life. It will become available for the PS4, Xbox One, PC, and Nintendo Switch versions. No word if it will be released on the Xbox 360 and PS3 versions, though. Also, as it nears release, there might be some good promos on card packs, so save up those [FIFA coins](#) to take advantage of those deals.

For more information, stay tuned to official channels. Look forward to the update!
