

Abudo Unveils A Health Success Platform For Patients, Caregivers And Employers

Abudo is an online health success platform, offering healthcare courses on basic disease management and wellness for improved quality of life.

PALO ALTO, CALIFORNIA, UNITED STATES, February 21, 2018

/EINPresswire.com/ -- In “November 2017”, [Abudo](#) launched its online healthcare platform providing easy and structured disease education to patients, friends and family members. Abudo is an engaging, easy to digest video course provider, offering patients and their families a guideline to take control of their well-being by learning about illnesses, caregiving as well as health and security standards at workplace. Abudo has successfully debuted its first online course on HIV and AIDS, with the end goal to create awareness and improve quality of life. It aims to bring over 30+ courses regarding wellness and disease education to your doorstep.

“We at Abudo, strive to touch lives and make them better”, claims Abudo’s CEO Tariq Khursheed. “This is an authentic and well-researched content provider, engaged in promoting 100% unbiased health education”

Abudo has more than 70k online health success education disseminators. It’s vision reflects gaining a competitive edge by providing 100% unbiased and impartial health education. It talks about taboo subjects and emphasizes on debunking common misconceptions, myths and stigmas associated with diseases. The courses offered are designed for the sole purpose of helping patients and their families understand and manage their illness. All of Abudo’s courses are online and are available 24/7. Interested individuals can simply sign up for a course and access it from their desktop or mobile any anywhere, at anytime with absolutely no age, gender or accessibility restriction. All of this for just \$15 is definitely what makes this platform worth subscribing.

About Abudo:

Abudo is an [online health care courses](#) & success platform providing easy, structured disease education to patients, friends & family members. It believes in passion for creating a better life, by

offering a variety of courses including both, communicable as well as non-communicable diseases along with a course completion certification at the end of each course. Abudo offers value adding guidelines and checklists to improve quality of life all while endeavoring to help patients and caregivers manage stress, improve lifestyle and lead a healthy life.
