The global solar roof tiles industry report also identifies major market players and provides analysis in terms of company overview, Financials, products & services, market trends, recent developments and growth strategies.

According to the Energy Saving Trust, installation of the solar tiles can increase the house price by as much as 10%.

Increasing demand for the tiles in new building properties for better energy efficiency is expected to enhance the industry growth over the forecast period. Furthermore, solar shingles also offer the huge opportunity for re-roof the property to the home owners for enhanced energy efficiency.

Easy installation along with the sleek appearance of the solar roof tiles is anticipated to impact the market demand in a positive manner. Moreover, high installation cost and lower efficiency of the solar tiles is projected to restrain the industry.

Based on regions, the global solar roof tiles market is divided into North America, Europe, Asia-Pacific (APAC), Middle East & Africa (MEA), and Latin America.

Complete report on Solar Roof Tiles Industry spread across 110 pages, profiling 07 companies and supported with tables and figures. Enquire for more at - <https://www.orianresearch.com/enquiry-before-buying/461065> .

Top Key Companies Analyzed in Global Solar Roof Tiles Market are –

- Atlantis Energy Systems

- CertainTeed (Saint-Gobain)
- Forward Labs
- Solarcentury
- SolarCity (Tesla, Inc.)
- SolarShingle Canada
- SunTegra Solar Roof Systems

Key benefit of this report-

- This report provides current market trends and future growth expectations.
- This report examines the market size and changing competitive dynamics
- It covers information regarding key drivers, challenges or restraining market growth
- It provides a five-year forecast assessed on the basis market value chain, Porter & five forces, and supply chain management.
- Market factor analysis delivers treasured information regarding the possible purchasers and suppliers and understanding the stakeholders involved.
- This report incorporates data regarding companies and business decision by having complete insights on the markets and by creating in depth analysis of market segments.

Target audience-

- Electronics and Semiconductors industries
- Raw material vendors
- Research organizations
- Technology standards organizations, forums, alliances, and associations
- Government, financial institutions, and investor communities
- Analysts and strategic business planners
