However, the industry is also facing a number of long-term challenges, including low market concentration, poor R&D investment, increasing costs due to China's tightening environmental regulations and growing crop resistance to key products such as glyphosate.

Herbicides China News will help you stay ahead of the game in this fast-changing market with real-time reporting on the entire herbicides industry chain, from raw materials to end consumption. This includes:

- Breaking news from China and abroad
- The latest market data, including price information for raw materials, intermediates and end products, import/export data, production, consumption, operating rates, etc.
- In-depth analysis of market trends, Chinese government policy, the performance of leading Chinese producers, M&A, new technologies, and more
- Expert commentary from industry insiders, including regular guest articles and interviews with insiders at leading Chinese manufacturers, associations and government organizations
