The worldwide Information Archiving market will grow from \$5.1 billion in revenues by year-end 2018, to over \$8.4 billion by year-end 2022.”

*Sara Radicati*

Palo Alto, CA – March 12, 2018 – The Radicati Group’s latest study, “Information Archiving Market, 2018-2022” provides an in depth analysis of the Information Archiving market. Information archiving solutions provide interactive, secure long-term storage of electronic business content, including: email, instant messages, social media, file systems, Microsoft

SharePoint content, and a broad range of other structured and unstructured information. These solutions are delivered as on-premises products, appliances, or as cloud services. The study provides extensive data regarding installed base market share by vendor, revenue market share by vendor, four-year forecasts, adoption by region and business size, as well as installed base and revenue forecasts for on-premises and cloud-based Information Archiving solutions.

The study also includes a detailed analysis of key vendors, including: Barracuda Networks, Google, Jatheon, Micro Focus, Microsoft, Mimecast, OpenText, Proofpoint, Smarsh, Sonian, and Veritas Technologies.

According to the study, the worldwide Information Archiving market will grow from \$5.1 billion in revenues by year-end 2018, to over \$8.4 billion by year-end 2022.
