Rudy L. Kusuma Home Selling Team Ranked #1 The Most Reviews and Endorsements from Local Home Owners in zillow - Southern California Real Estate Market

“For an average homebuyer, these deals are elusive because the selling mostly takes place before the property ever hits the market.” Said Rudy L. Kusuma of the Team NuVision, while talking about the Fire Sales in Southern California. “Our new free service automatically searches out and downloads a current list of all such properties day in and day out and we are using this database to help our valued clients.” He added. This free service will give buyers the ultimate advantage over other buyers in the marketplace.

According to Rudy Kusuma, this is an absolutely no cost, no obligation service and it automatically gets the buyer plugged into the most current list of area Fire Sales. Moreover, the price range and interests of the buyer such as the location of the property are also automatically adjusted to get them the best deals available. However, the buyer has to act quickly in making the decision to buy that property before someone else capitalizes on the situation.
