

Must-attend conference gather a global PFS sector audience to discuss and accelerate pre-filled syringe development

SAN DIEGO, USA , February 28, 2018
/EINPresswire.com/ -- Pre-Filled Syringes
West Coast

Conference: June 4 - 5th, 2018
Interactive Workshops: June 6th, 2018
San Diego, USA
<http://www.prefilled-syringes-westcoast.com/ein>

The agenda of the SMI's 3rd annual [Pre-Filled Syringes West Coast conference](http://www.prefilled-syringes-westcoast.com/ein) will provide a comprehensive overview for market participants to share and benchmark against colleagues' best practice, to ensure optimal development in all aspects of pre-filled syringe design and production.

Pre-Filled Syringes West Coast series is in its' 3rd year and is now becoming an established and prominent market-leader within this field in the US market. This must-attend conference will gather a global sector audience to discuss and accelerate pre-filled syringe development in various sub-fields.

Visit the website for further details <http://www.prefilled-syringes-westcoast.com/ein>

NEW FOR 2018:

- Explore and engage with the evolving industry of pharmaceutical manufacturing related to PFS, from cross-site development to navigating injection technologies through the design life-cycle
- Assess quality control systems and risk-based control strategies for drug delivery devices
- Consider the importance of Human Factors Engineering, from Rate of Return to the Design History File
- Highlights on emerging trends of technologies and studies to assist device and drug formulation developers
- Perceive the regulatory expectations from cross-border perspectives in the EU and US and what can we do to face these challenges

WHO WILL YOU HEAR FROM

- Darin Oppenheimer, Executive Director, Drug Device Center of Excellence, Merck
- Ron Forster, Director, Process Development, Amgen
- Michael Song, Senior Manager, Drug Delivery and Device Development, MedImmune
- Paul Upham, Senior Principal, Smart Device Technology Center, Genentech
- Arnaz Malhi, Associate Director, Device Development Lead, Shire

- Michael Regn, Director, Packaging Design & Development, Allergan
- Ed Israelski, Consultant – Technical Advisor on Human Factors, Retired Director Human Factors, AbbVie
- Maria Toler, Quality Portfolio Support and Innovation-Drug Delivery Systems and Medical Devices, Pfizer
- David Post, Director, Science and Technology, AbbVie
- Tina Rees, Associate Director, Human Factors, Ferring
- Torsten Vilkner, Senior Associate Director, Manufacturing Operations, Boehringer Ingelheim
