Author Shares The True Reason For Celebrating Christmas

NAUGATUCK, CT, UNITED STATES, March 2, 2018 /EINPresswire.com/ -- "Christmas is a feeling", and author [Beryl Mears](#) shares [Christmas: A Different Perspective](#), a religion book that celebrates the true essence of Christmas which is giving utmost importance for the main reason for the season, Jesus Christ.

As a Christian, Mears values spirituality, thus her book *Christmas: A Different Perspective*. She opens up about how the Lord healed her near-fatal illness in 1993 when she developed a brain aneurysm. She then turned that event into an inspiration after being blessed with another chance to live. She found an alternative in expressing how obedience works through the celebration of Christmas, as many people put so much effort in becoming festive during this season, to the extent that they forget about its true essence.

Christmas: A Different Perspective by Beryl Mears is timely for the season. This will help every individual reflect on the things that they have had executed. This book is a testament to what compliance to God's will can do and it leads the audience back to the tradition of celebrating Christmas. It serves as a reminder that Christ should live in the hearts of the people, always and forever.
