LAS VEGAS, NV, UNITED STATES, March 5, 2018 /EINPresswire.com/ -- We made in history on stock market!! and all of our members in our day trading group last month said James Viscuglia II The X PRO price action trading software work way over everybody standards .the software gives our signals and you have 3 to 5 minutes to get into the trade I made it so simple it,s on a 9th grade level. the software runs 23 hours a day for trading, what makes the in our diffidence then any other trading system is the time line in the trend line and in EMA line and our trading group our people fellow our simple rules for trading and it works out great!! plus our free live trading session that we have on the internet 5 days a week . WE shorted the market last month by trading SP 500 E MINI,S on the Chicago Stock Exchange.Plus our new X PRO trading software will trading the German DAX market too. I tell everyone to watch it first for free seeing is believing right? and talk to others trading members in our group. We are letting our doors open to public this week too let them see our software in action! people can sign up on our website or by calling our toll free number at (800) 971-4160 We have a lot members in our Day trading Group New visitors can watch it from the comfort from the home computer or there office in morning

I always believe that people can learn to do the trading on their own if given the proper guidance," says Viscuglia. "Students who take my courses learn how to trade for themselves. After watching and learning, students can make educated risk assessments based on what they've learned. With my software, students can predict trading indicators and show the best chance of profitability. In addition, they will be able to view the lowest possible risks for loss." James said, [Cambridge Trading Academy](#), which will be an educational institute working to equip others to determine for themselves what the right moves are in the trading field. He is also set to live stream a live trading session, which will be accessible via Google, Yahoo, Bing, Facebook and Twitter.

Viscuglia's aim is to ensure that people have control over their own financial futures. There is everyone from stay-at-home moms to retired law enforcement and military within his group. Coming from his own blue-collar beginnings, Viscuglia is from western New York where he was a machinist and computer programmer. He wanted to ensure that financially he could provide well for his family, which includes four children, after learning about trading from mentors, Viscuglia set out on his own path and created both the software and the Day Trading Group.
