CORBETT, OR, -, March 6, 2018

/EINPresswire.com/ --

FarmMaidSoap.com reported excellent customer response to its Skin So Clear goat milk soap and treatment for teen and adult [acne](#).

[Kathy Johnson](#), founder of the natural soap company, heard from her customers that her soaps helped their dry and sensitive skin, including acne, so she further developed her natural formulation to launch Skin So Clear to target and alleviate troublesome acne, naturally.

“During adolescent years when growing kids face hormonal changes compounded by insecurities and peer pressures, many teen struggle with skin issues. In fact such issues continue as adults represent 20% of acne cases. But in teen years before turning to medical solutions with possible side effects, a natural approach makes sense. As a Mom of 7, I've experienced first-hand teenagers' stressed reactions to skin blemishes. So, we developed Skin So Clear goat milk soap and treatment to address acne problems,” said Kathy.

FarmMaidSoap.com Skin So Clear acne soap has 25% goat milk, rich in vitamin A, selenium, alpha hydroxyl acids and glycerin, and contains lemongrass, tea tree, lavender and sage.

To address acne caused as dead skin and oils clog hair follicle pores, FarmMaidSoap.com offers three choices:

1. Skin So Clear goat milk soap bars at \$5 each contain 25% goat milk, rich in vitamin A, selenium and alpha hydroxyl acids and glycerin. Skin So Clear also contains lemongrass, tea tree, lavender and sage to create an antimicrobial cleanser that leaves skin clean and moist, unlike commercial soaps that cause dryness.
2. Skin So Clear Treatment Power Pack at \$40 includes a bar of specially formulated natural chemical-free goat milk soap, along with toner, as mild Skin So Clear Serum that is a blend of oils, including important antimicrobial essential oils to bring soothing relief to all skin types dealing with acne.

3• Skin So Clear Milk & Aloe Lotion at \$9 clears acne and skin issues without causing dryness, and contains Lemongrass, Tea Tree, Lavender, and Sage essential oils together with Aloe for powerful antimicrobial, soothing and healing qualities.

Kathy said, "We are pleased when FarmMaidSoap.com customers write to say their acne cleared with Skin So Clear. While hereditary and hormone factors cause most acne issues, common sense skincare helps, such as gently washing face, pat drying and changing pillow cases often as dead skin cells remaining on the fabric can clog pores."

An expert in creation of goat milk soap skincare bars and related products, Kathy often speaks of skin and other cleansing issues on TV, Radio and Internet such as on ABC in Dallas on Good Morning Texas making soap; NBC's Portland Today discussing the trend to healthy natural soap and iHeart Radio.
