ABOUT DANIELLE

Fashion newcomer, Danielle Herrington is taking the modeling industry by storm.

Hailing from Compton, California, the exotic beauty with large chestnut eyes has only been on the international modeling circuit for 2 years.

In 2018, Danielle graced the cover of Sports Illustrated Swimsuit, one of the highest accomplishments in the industry. This honor came following her debut as a SI Swim Rookie just the previous year. A new muse to Carine Roitfeld, Danielle has also had the honor of being Miss October for CR Fashion Book's first-ever calendar, all proceeds of which goes to Special Olympics. She has walked the runway twice for Philipp Plein in back-to-back seasons and shot with top photographers Steven Klein, Russell James, Ben Watts, Yu Tsai, Guy Aroch, and Walter Chin to name a few.

A true Gemini personality, she is bright, witty, and creative. When Danielle isn't traveling the world, she likes to unwind by playing music, painting, and cooking. An avid lover of sun, swim, and beach volleyball, Danielle considers a swimsuit her second skin. Although Danielle keeps her svelte physique in shape, she still loves to indulge in her favorite cheat snacks: salt and vinegar potato chips with sriracha, and french fries.
