The full report of Global Infertility diagnosis and treatment Market is available at <https://www.omrglobal.com/industry-reports/infertility-diagnosis-treatment-market/>

The global Infertility diagnosis and treatment market has been motivated by rising cases of male & female infertility, change in lifestyle, erectile dysfunction and increased success rate of IVF treatment. Moreover, new technologies to avoid multiple embryo implants and government support towards surrogacy have been driving the market growth. However, cost of infertility treatment and diagnosis, lack of infrastructure in developing countries, and reimbursement policies towards infertility in some countries is the major constraints in the growth of the market.

The key players in Global Infertility diagnosis and treatment market are Cooper Surgical INC., Eli Lilly & CO., EMD Serono, INC., Endo Pharmaceuticals INC., Ferring Pharmaceuticals and Genea. These companies are offering a broad portfolio of products globally. The Infertility diagnosis and treatment market is bifurcated based on infertility diagnosis and infertility treatment. Infertility diagnosis segment is further bifurcated into male infertility diagnosis and female infertility diagnosis. Infertility treatment segment is further bifurcated into male infertility treatment and female infertility treatment. Global Infertility diagnosis and treatment Market is segmented based on regions, which include North America, Europe, APAC and Rest of the World.
