

Used Cars Lead Company, Cars Digital Inc., Launches National Platform FindCarsforSale.com

Automotive specific ad agency announces national roll-out of used cars marketing services based off regional success in New York market

COMMACK, NEW YORK, UNITED STATES, March 8, 2018

/EINPresswire.com/ -- Today, Cars Digital Inc., a Commack NY based [dealer-focused ad agency](#) has announced the launch of its own proprietary platform called [FindCarsforSale.com](#), accompanying its federally registered United States trademark, [Why Search When You Can Find?®](#) in International Class 035 with goods and services encompassing advertising services in the field of automobiles.

“Based on our overwhelming success in the New York market, specifically in the Long Island region with our online and print magazine, we believe that we can duplicate this success in short order around the nation, beginning first in surrounding markets such as Connecticut and New Jersey, and then the remainder of the United States” said John Colascione, CEO.

“

Based on our overwhelming success in the New York market, specifically in the Long Island region with our online and print magazine....”
John Colascione

FindCarsforSale.com is a new fresh vehicle finding service launched on an online address which immediately implies the purpose of its existence; to help its users find cars for sale.

“We know consumers have lots of choices when it comes to finding a used vehicle. What makes us different is simply our motivation for users to find, not search. That is why we invite

our users to use our easy to navigate vehicle finding service. Again, because why search when you can find?” he added.

About Cars Digital Inc.,

Cars Digital Inc., is a automotive subsidiary company of Long Island Media Inc., a certified CDK Global Partner, registered BBB Company and Google Certified Agency. The mission of Cars Digital is to develop proprietary tools and software which help used automotive dealers connect with local shoppers through strategic digital advertising.
