

# Louisiana Mesothelioma Victims Center Now Urges a Navy Veteran or Maritime Worker with Mesothelioma in Louisiana Direct Access to Some of The Nation's Top Lawyers for Compensation Results

NEW YORK, NEW YORK, USA, March 28, 2018 /EINPresswire.com/ -- The Mesothelioma Victims Center says, "About one-third of all people diagnosed with mesothelioma this year will be Veterans of the US Navy. Typically, their exposure to asbestos occurred while on a US Navy ship, or at a US Naval Shipyard. Most frequently the Navy Veterans worked in a navy ship's engine room or while as a machinist, welder, plumber, electrician, maintenance technician, or as a damage control technician. These types of US Navy Veterans typically had the most exposure to asbestos. Frequently people like this stayed in the maritime industry after the US Navy.

"If you are a US Navy Veteran or a maritime worker and you have been diagnosed with mesothelioma anywhere in Louisiana please call us at 800-714-0303 for direct access to some of the nation's most skilled, experienced and capable mesothelioma lawyers-as opposed to a New Orleans car accident attorney. Our number one goal is for people with mesothelioma in Louisiana to receive the very best possible financial compensation settlement results." <http://Louisiana.MesotheliomaVictimsCenter.Com>

Our number one goal is for people with mesothelioma in Louisiana to receive the very best possible financial compensation settlement results”

*Louisiana Mesothelioma  
Victims Center*

The Louisiana Mesothelioma Victims Center has a unique approach when it comes to making certain a US Navy Veteran or maritime worker with mesothelioma in Louisiana receives the best possible compensation settlement results. This approach includes:

- \* A no obligation visit to the home of the Veteran or maritime worker with mesothelioma for a discussion to determine every potential point of where or how the person came into contact with asbestos.
- \* An evaluation of what the mesothelioma compensation claim might be worth to the US Navy Veteran or maritime worker

and their family.

\* Suggestions about treatment option healthcare facilities that are close to the US Navy Veteran or maritime worker.

\* "The fulltime mesothelioma lawyer we suggest will typically send out one of their senior partners to make certain nothing is overlooked as far as the person's asbestos exposure, and all vital issues are addressed for the US Navy Veteran or maritime worker." For more information, a US Navy Veteran or maritime worker who has been diagnosed with mesothelioma in Louisiana or their family are urged to call the Louisiana Mesothelioma Victims Center anytime at 800-714-0303 for their unsurpassed free services.

The Louisiana Mesothelioma Victims Center wants to emphasize there is a statewide initiative available to a diagnosed victim anywhere in Louisiana including communities such as New Orleans, Baton Rouge, Shreveport, Lafayette, Lake Charles, Kenner, Bossier City, Monroe.

When it comes to treatment options for mesothelioma in Louisiana the Louisiana Mesothelioma Victims Center strongly encourages diagnosed victims to contact the following cancer treatment centers in Louisiana, and in Texas. Note: The MD

Anderson Cancer Center in Houston, Texas may be one of the most capable mesothelioma treatment centers in the world: Oshner Cancer Institute New Orleans;

<http://www.louisianacancercenter.org/research/partners/ochsner/>, The MD Anderson Cancer Center Houston, Texas: <https://www.mdanderson.org/>

High-risk work groups for exposure to asbestos in Louisiana include Veterans of the US Navy, power plant workers, shipyard workers, oil refinery workers, chemical plant workers, public utility workers, factory workers, plumbers, electricians, insulators, auto mechanics, machinists, and construction workers. Typically, the exposure to asbestos occurred in the 1950's, 1960's, 1970's, or 1980's.
