PUNE, INDIA, March 13, 2018 /EINPresswire.com/ --

## [Industrial Actuators Services Market 2018](#)

This market research report presents a comprehensive analysis of the global industrial actuators services market based on application (retrofit services, commissioning and calibration services, repair, maintenance, and consulting services), end-user (oil and gas industry, chemical and petrochemicals industry, water and wastewater treatment industry, power industry, metals and mining industry, and others), and service providers (OEM service providers and third-party service providers). The report also provides an analysis of the market's growth across geographic regions such as the Americas, APAC, and EMEA.

According to Analyst's market research report, the rising retrofitting activities to modernize existing actuators will be one of the major factors that will have a positive impact on the global industrial actuators services market during the forecast period.

Our market research analysts predict that this market will post a revenue growth of close to USD 1.2 billion by 2022.

The introduction of new valve actuator designs with improved technologies is encouraging end-user industries to switch to advanced actuators. The utilization of advanced actuators offer advantages such as time saving, lesser storage space, and return lower operating costs. Also, end-users increasingly prefer retrofit services in comparison to new installations as they are much easier and less expensive technique to set up new technologies in the industrial operations. This will lead to the growth of the industrial actuators services market till 2022.

### Companies covered

Characterized by the presence of several players, the industrial actuators services market appears to be fragmented. This industry research report offers information about the competitive environment among the players in this marketplace and offers an analysis of key companies and their products. Additionally, the report also offers information about key areas the players currently focus on and the strategies they have adopted to sustain the competition in this global market.

This research report provides an analysis of various companies in this market including –

- Emerson Electric
- Flowserve
- Honeywell
- Rotork
- Weir

Segmentation by application and analysis of industrial actuators services market

- Retrofit services
- Commissioning and calibration services
- Repair, maintenance, and consulting services

Geographical segmentation and analysis of the industrial actuators services market

- Americas
- APAC
- EMEA

Key questions answered in the report include

- What will the market size and the growth rate be in 2022?
- What are the key factors driving the global industrial actuators services market?
- What are the key market trends impacting the growth of the global industrial actuators services market?
- What are the challenges to market growth?
- Who are the key vendors in the global industrial actuators services market?
- What are the market opportunities and threats faced by the vendors in the global industrial actuators services market?
- Trending factors influencing the market shares of the Americas, APAC, and EMEA.
- What are the key outcomes of the five forces analysis of the global industrial actuators services market?

Table of Contents –Analysis of Key Points

PART 01: EXECUTIVE SUMMARY

PART 02: SCOPE OF THE REPORT

PART 03: RESEARCH METHODOLOGY

PART 04: MARKET LANDSCAPE

- Market ecosystem
- Market characteristics
- Market segmentation analysis

PART 05: MARKET SIZING

- Market definition
- Market sizing 2017
- Market size and forecast 2017-2022

PART 06: FIVE FORCES ANALYSIS

- Bargaining power of buyers

- Bargaining power of suppliers
- Threat of new entrants
- Threat of substitutes
- Threat of rivalry
- Market condition

#### PART 07: MARKET SEGMENTATION BY APPLICATION

- Segmentation by application
- Comparison by application
- Global industrial actuators repair, maintenance, and consulting services market
- Global industrial actuators commissioning and calibration services market
- Global industrial actuators retrofit services market
- Market opportunity by application

#### PART 08: CUSTOMER LANDSCAPE

#### PART 09: MARKET SEGMENTATION BY END-USER

- Segmentation by end-user
- Comparison by end-user
- Global industrial actuators services market by oil and gas industry
- Global industrial actuators services market by chemical and petrochemical industry
- Global industrial actuators services market by power industry
- Global industrial actuators services market by water and wastewater treatment industry
- Global industrial actuators services market by metal and mining industry
- Global industrial actuators services market by others
- Market opportunity by end-user

#### PART 10: MARKET SEGMENTATION BY SERVICE PROVIDERS

- Global industrial actuators service market by OEM service providers
- Global industrial actuators service market by third-party service providers

#### PART 11: REGIONAL LANDSCAPE

- Geographical segmentation
- Regional comparison
- Industrial actuators services market in EMEA
- Industrial actuators services market in APAC
- Industrial actuators services market in Americas
- Market opportunity

#### PART 12: DECISION FRAMEWORK

#### PART 13: DRIVERS AND CHALLENGES

- Market drivers
- Market challenges

#### PART 14: MARKET TRENDS

- Maintaining long service contracts for actuators
- Evolution in automation industry
- Emergence of spare parts and services businesses for industrial components

#### PART 15: VENDOR LANDSCAPE

- Overview
- Landscape disruption

## PART 16: VENDOR ANALYSIS

- Vendors covered
- Vendor classification
- Market positioning of vendors
- Emerson Electric
- Flowserve
- Honeywell
- Rotork
- Weir
