[1Heart Round-the-Clock Care](#) (RTCC) is designed to help improve the well-being of loved ones needing care through 1Heart's Quality of Life (QoL) Program. The RTCC service enables 1Heart's client care managers to consistently track their condition, progress, and formulate the proper care for the care recipient. This program creates a path to improvement and allows them to continue enjoying a life of quality and dignity.

There are two types of plans being offered by 1Heart Round-the-Clock Care namely (A.) 2 shifts of 12 hours each and (B.) 3 shifts of 8 hours each.
