

Pennsylvania Corporate Whistleblower Center Now Urges a Physician to Call Them About Rewards If They Have Proof a Healthcare Company is Bribing Medical Doctors for Referrals in Pennsylvania

WASHINGTON, DC, USA, March 29, 2018 /EINPresswire.com/ -- The Pennsylvania Corporate Whistleblower Center is urging a medical doctor with proof any type of healthcare company is bribing physicians for referrals, admissions or anything else to call them anytime at 866-714-6466 for a conversation about the federal whistleblower reward program. Recently the Department of Justice announced a \$29.6-million-dollar settlement involving two medical practice groups and a hospital system involved in a referral kickback scheme. The allegations revolved around kickbacks for patient referrals. Allegedly the scheme involved a hospital system admitting patients rather than seeing them on an outpatient basis. In this instance the whistleblowers (two medical doctors) will receive \$6.2 million dollars for their information.

According to the Department of Justice, "On average, Medicare pays at least three times as much for an inpatient admission as it does for outpatient care."

The Pennsylvania Corporate Whistleblower Center is inviting a medical doctor or healthcare professional in Pennsylvania to call them anytime at 866-714-6466 if they possess proof the following type of company is bribing physicians for referrals, purchases or admissions:

- * A hospital or hospital company
- * A nursing home or skilled nursing facility
- * A pharmaceutical company
- * A hospice provider

- * A medical device manufacturer
- * A dialysis Center
- * An Imaging Center
- * An in-home healthcare provider
- * A blood testing company

The Pennsylvania Corporate Whistleblower Center says, "We are 100% certain healthcare companies are paying kickbacks to physicians in every state including Pennsylvania and the potential rewards can be significant provided the whistleblower has proof or an eyewitness account of what happened or is happening on an ongoing basis. If you possess this type of information, please call us anytime at 866-714-6466 for a conversation about the potential value of your information. Why sit on a potentially winning lotto ticket without ever knowing what it might have been worth?"

Simple rules for a whistleblower from the Corporate Whistleblower Center: Do not go to the government first if you are a potential whistleblower with substantial proof of wrongdoing. The Pennsylvania Corporate Whistleblower Center says, "Major whistleblowers frequently go to the government thinking they will help. It's a huge mistake. Do not go to the news media with your whistleblower information. Public revelation of a whistleblower's information could destroy any prospect for a reward. Do not try to force a company/employer or individual to come clean about significant Medicare fraud, overbilling the federal government for services never rendered, multi-million-dollar state or federal tax evasion, or a Pennsylvania based company falsely claiming to be a minority owned business to get preferential treatment on federal or state projects. Come to us first, tell us what type of information you have, and if we think it's sufficient, we will help you with a focus on you getting rewarded."
