

Unity Health White County Medical Center Named 100 SafeCare hospitals® for The Second Consecutive Year

Recognized for low infections, low readmissions, low complications, high patient satisfaction, low cost by The SafeCare Group®

LEXINGTON, KY, USA, March 19, 2018 /EINPresswire.com/ -- For the second consecutive year [Unity Health White County Medical Center](#) was recognized as a [100 SafeCare Hospitals®](#) by [The SafeCare Group®](#) for low infections, low readmissions, low complications, high patient satisfaction, and high value.

100 SafeCare Hospitals® represent the nation's top performing hospitals in evidence-based metrics of Medical and Surgical Infections, 30-Day Mortality rates, Complications rates for Medical and Surgical Care, Patient Satisfaction, 30-Day Medical and Surgical Readmissions, and overall value.

100 SafeCare Hospitals have achieved an exemplary level of performance in the comprehensive, evidence-based metrics of the Centers of Medicare and Medicaid (CMS) value-based program (HVBP), readmissions reduction program (HRRP), and acquired complications reduction program (HACRP). Hospitals that perform poorly on these quality, safety, and efficiency metrics receive a financial penalty from the government. Only about two percent of US hospitals earn the prestigious 100 SafeCare Hospitals® distinction, and the top 50 hospitals represent the top one percent performance in the evidence-based metrics of HVBP, HACRP, and HRRP.

“

Congratulations to Unity Health on achieving 100 SafeCare Hospitals two years in a row ”

*Yisrael Safeek, MD, MBA,
CEO, The SafeCare Group*

“In 2013, Unity Health White County Medical Center made 100 SafeCare Hospitals inaugural listing,” says Dr. Yisrael Safeek, MD, MBA, Chairman and CEO of The SafeCare Group®. “While all US hospitals achieving improvements deserve recognition, those achieving 100 SafeCare Hospitals distinction are leading the way. Congratulations to Unity Health White County Medical Center on achieving 100

SafeCare Hospitals with low infections, low complications, low readmissions, high patient satisfaction, and best value two consecutive years in a row.”

2018 100 SafeCare Hospitals

About 100 SafeCare Hospitals®
The SafeCare Group® published the first 100 SafeCare Hospitals® listing in 2013 with the mission of “Recognizing Healthcare Excellence”. 100 SafeCare Hospitals recognize hospitals that excel in evidence-based metrics of Medical and Surgical Infections, 30-Day Mortality rates, Complications rates for Medical and Surgical Care, Patient Satisfaction, 30-Day Medical and Surgical Readmissions, and value of care. The top 50 hospitals represent the top 1% performance in the evidence-based metrics of HVBP, HACRP, and HRRP, and only about 2% percent of US hospitals earn the prestigious 100 SafeCare Hospitals® distinction. Hospitals that performed poorly on these evidence-based metrics receive a financial penalty from the Centers of Medicare and Medicaid Services. The SafeCare Group believes that the 100 SafeCare Hospitals listings would incentivize hospital leadership to improve care and reduce unnecessary errors that harm patients.
