of Home Energy Systems*

“Earning SunPower’s 2017 ‘Commercial Regional Top Producer of the Year’ award for our success delivering the world’s highest efficiency solar systems and superior customer service to business owners is an astounding achievement for Home Energy Systems,” said Ross Williams, vice president, Home Energy Systems. “Working with SunPower, one of the world’s most innovative and sustainable energy companies, allows us to offer our customers reliable solar energy and significant electricity savings over the life of their systems.”

In 2017, Home Energy Systems installed over 1006 kilowatts of solar in the San Diego community on both commercial and residential projects. Home Energy Systems also broke ground on the second of seven commercial solar projects that will be installed at multiple [San Diego YMCA facilities](#). This award is a direct reflection of the impact Home Energy Systems is making on the San Diego community by providing clean, money-saving energy solutions to local businesses and homeowners.

“SunPower’s reputable national dealer network is strengthened by local solar companies like Home Energy Systems, selected for their quality craftsmanship, industry expertise, and customer service,” said Nam Nguyen, SunPower executive vice president, SunPower Commercial Solar. “We congratulate Home Energy Systems for an extraordinary performance in 2017 as a commercial dealer, delivering the value of SunPower solar to businesses in their community.”
