Our market research analysts have predicted that this market will grow at a CAGR of about 8% by 2022.

Segmentation by product and analysis of the industrial steam peeler market

- Batch steam peeler
- Continuous steam peeler

Batch steam peelers are extensively used since they reduce the wastage of water by consuming less water when compared to continuous steam peelers. Our analysts have predicted that in the coming years, this peeling machine market will witness maximum growth in the batch steam peelers market segment.

Segmentation by geography and analysis of the industrial steam peeler market

- Americas
- APAC
- EMEA

The Americas is expected to offer the maximum growth opportunities to the players in the industrial steam peeler market due to the rising demand for frozen fruits and vegetables and the growing usage of fruit peeler machines and steam peelers for processing. However, EMEA will contribute to the maximum share of the peeling machine market throughout the predicted period.
