

rent24 opens its first coworking space in Tel Aviv

BERLIN, GERMANY, March 22, 2018 /EINPresswire.com/ -- In summer 2018, rent24 - one of the leading European coworking and coliving providers - will open the doors to its first location in Israel in Tel Aviv-Jaffa. Besides offices and conference rooms, the property at 2 Eliezer Kaplan Street contains an open space, a lounge, a kitchen and an event space. One highlight of the new space is the 400m2 roof terrace, which offers a breathtaking view of the city.

Robert Bukvic, Founder and CEO of rent24, sees the expansion into Israel as an important strategic step for the company: "The Israeli start-up scene is booming. As one of the most important economic centres in the Middle East, Tel Aviv is a logical hub for us. From here, we want to roll out the rent24 concept to all of Israel and offer a creative and inspiring working environment to both freelancers and companies, from start-ups to corporations."

rent24 offers its members a comprehensive service in personalised, pleasant surroundings – at the same time they can use all 24 locations in 4 countries worldwide from Amsterdam to Berlin to Chicago, and, depending on availability, additional services like coliving or our very own gym. Regular joint events - from breakfast to yoga sessions - encourage creative exchange and networking among members. "Our aim is to create the ideal environment for a productive working day - we want our members to enjoy going to work each day," said Bukvic.
