

Coating Additives Market 2018 Global Share, Trend, Segmentation and Forecast to 2021

PUNE, INDIA, March 22, 2018 /EINPresswire.com/ --

Global Coating Additives Market

WiseGuyReports.com Presents "Global Coating Additives Market 2017-2021" New Document to its Studies Database. The Report Contain 85 Pages With Detailed Analysis.

Description

Coating additives are used in paints and coatings to enhance their performance and quality. Application of additives to the coatings helps in foam reduction, UV protection, gloss control, dispersion of solids, anti-catering, anti-chipping, and improvement of wetting. In terms of formulation, the global coating additives market is segmented into waterborne, solventborne and powder-based.

The analysts forecast the global coating additives market to grow at a CAGR of 6.08% during the period 2017-2021.

Covered in this report

The report covers the present scenario and the growth prospects of the global coating additives market for 2017-2021. To calculate the market size, the report considers the retail selling price as the average selling price of the product.

The market is divided into the following segments based on geography:

- APAC
- Europe
- North America
- ROW

The Global Coating Additives Market 2017-2021, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Key vendors

- AkzoNobel
- ALTANA

- BASF
- Evonik Industries
- The Dow Chemical Company

Other prominent vendors

- Arkema
- Ashland
- Eastman
- Elementis
- Lubrizol

Market driver

- Increasing adoption of environment-friendly coatings and additives owing to growing environmental concerns
- For a full, detailed list, view our report

Market challenge

- Rising raw material costs
- For a full, detailed list, view our report

Market trend

- Growth in chemical additives industry
- For a full, detailed list, view our report

Key questions answered in this report

- What will the market size be in 2021 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?
- What are the market opportunities and threats faced by the key vendors?
- What are the strengths and weaknesses of the key vendors?

Table of Contents -Major Key Points

PART 01: Executive summary

PART 02: Scope of the report

PART 03: Research Methodology

PART 04: Introduction

- Market outline

PART 05: Market landscape

- Market size and forecast
- Five forces analysis

PART 06: Market segmentation by formulation

- Global coating additives market by formulation
- Global waterborne coating additives market
- Global solventborne coating additives market
- Global powder-based coating additives market

PART 07: Market segmentation by application

- Global coating additives market by application
- Global coating additives market for architectural applications
- Global coating additives market for industrial applications
- Global coating additives market for automotive applications
- Global coating additives market for wood and furniture
- Global coating additives market for other applications

PART 08: Geographical segmentation

- Global coating additives market by geography
- Coating additives market in APAC
- Coating additives market in North America
- Coating additives market in Europe
- Coating additives market in ROW

PART 09: Decision framework

PART 10: Drivers and challenges

- Market drivers
- Market challenges

PART 11: Market trends

- Growth in chemical additives industry
- Increasing demand from emerging economies

PART 12: Vendor landscape

- Competitive landscape
- Other prominent vendors

PART 13: Key vendor analysis

- AkzoNobel
- ALTANA
- BASF
- Evonik Industries
- The Dow Chemical Company
