

Florida Gets the Shade it Deserves...AquaCabanas, The World's Coolest Shade Floats, Available throughout Florida!!

Triton Design, makers of the AquaCabana and AquaCabana Junior is pleased to announce that they are now an authorized Vendor for 240+ Pinch a Penny Franchises.

EVERYWHERE, FLORIDA, USA, March 22, 2018 /EINPresswire.com/ -- [AquaCabanas](http://AquaCabanas.com), the World's Coolest Shade Floats, are now available throughout Florida. Triton Design, makers of the AquaCabana and AquaCabana Junior is pleased to announce that they are now an authorized Vendor for 240+ Pinch a Penny Franchises throughout Florida, Georgia, Louisiana, and Texas.

Brett Koehler, President of Triton Design out of Los Angeles, is excited about the new relationship and looks forward to expanding and growing alongside Pinch A Penny. "Florida is a huge market for us, and after meeting many of the store owners and witnessing firsthand how professional and caring they are toward their customers, I knew Pinch a Penny Pool Stores were the perfect fit for our AquaCabanas".

“

Would you buy a car whose brakes only work while driving North? Then why buy a shade product that only provides 25% shade?”

Brett Koehler

If you are in Florida and want to purchase the AquaCabana or Junior, you will have to visit your local neighborhood Pinch A Penny Store as they are the exclusive retailer throughout the Sunshine State. Erik and Lalla Wiborg, owners of Pinch a Penny store 112 in Miami Lakes, claim their customers are always asking them for shade products. According to Erik, "The AquaCabanas are extremely well made, durable and provide endless shade and fun.....with all the pools, beaches, and boats to the sandbars around here, we expect to sell tons of them this season."

The AquaCabana is the World's only Portable, Kid Friendly, Amphibious, Floating Shade Cabana for Pools, Beaches, Lakes, and More. The patented AquaCabana with its inflatable hollow base design and unique upf50+ shade canopy provides over 50 sq. ft. of All Day / All Way Shade.

The AquaCabana Junior launches this spring and is a 2 piece shade float for kids from 9 months to 6 years. There is a separate pop in infant float with mesh seat that the junior AquaCabana is placed

around which provides All Day/ All Way Protection for the little one's precious skin. Once the infant/ toddler seat is no longer needed, the child has his or her own Junior AquaCabana for years of Shade and Fun to follow.

Koehler created the AquaCabanas because there were no Shade Products for the water that really worked for more than an hour per day, if that. According to Koehler, "The shade provided on all these other products does not account for changing sun angles and the rotating floats in the water. Would you buy a car whose brakes only work while driving North? Then why buy a shade product that only provides 25% shade?"

The AquaCabana and AquaCabana Junior are a must have for any vacation or resort stay. They fit in carry-on luggage and perfect shade options for the pool and the beach. So, if you are serious about protecting you and your family from the sun's harmful UV rays, stop by your nearest Pinch A Penny store ([locations](#)) or visit Triton's website <http://www.FloatingShade.com>.
