

AI-Entrepreneur, Adrien Schmidt, Tours Silicon Valley of the East

SVFIA hosts 8 U.S tech leaders to experience innovation in Chengdu, China

CHENGDU, CHINA, March 23, 2018 /EINPresswire.com/ -- [Adrien Schmidt](#), innovator, engineer and entrepreneur, will be attending The Mayor Delegation to China, a trip to Chengdu, China organized by the Silicon Valley Financial Investment Promotion Agency (SVFIA). Seven other leading tech experts also from the infamous tech capital of the United States, Silicon Valley, will join him for a five-day all-encompassing tour from March 23-28, 2018. They have been invited to meet their counterparts in China, where they will learn, engage and share their knowledge on the rising innovations leading the technical revolution.

The theme of this trip is to combine the forces of the east and west to fuel innovation in the realms of science and technology to promote cross-channel communication and collaboration. SVFIA aims to bring Silicon Valley's advanced innovation, philosophy, creativity and future trends to sectors within China. Schmidt, along with the other seven delegates, who have founded companies such as Portable Genomics, ThroughPut and Altwork, will be meeting leaders of the Sichuan Province, of the Chengdu Municipal Government and visit their Hi-Tech Park Zone, hailed as the "Silicon Valley" of Western China and an enforcer of global innovation.

“

The government's efforts and support in technological advancements and to new economies have proved China to be a leader in innovation”

Adrien Schmidt, CEO of Bouquet

“Their government's dedication to building new economies and their support in technological advancements have proved China to be a leader in innovation,” says Schmidt, CEO of the AI-tech startup, [Bouquet](#). “It will be an honor meeting the leaders who are writing history.”

China's rising economy and sustained growth in various industries outside of technology has made a notable impact

on the world and affirmed their position as a leading country for innovation. Many international talents have gone to Chengdu and other cities in China to learn, promote and grow their businesses gain a

competitive edge.

The eight will also get a chance to meet with investors, fellow entrepreneurs and meet potential partners during networking events, meetings and speaking sessions.

About Adrien Schmidt

Adrien Schmidt is the CEO of Bouquet.ai and an internationally recognized entrepreneur, engineer and innovator. In 2004 he co-founded Squid Solutions, a software company based in Paris that provides usage analytics to publishers around the world. He rapidly turned companies into data-driven enterprises and opened offices in Beijing and San Francisco. On a mission to become a market leader in a new generation of analytics tools, Adrien co-founded Bouquet in 2015, an AI-powered chatbot that turns data analytics into meaningful conversation through natural language, acting as a mobile assistant 24/7. Adrien speaks five languages, is a Huffington Post contributor and most recently a featured speaker at Plotcon, Decentralized AI, IoT World.
