

# Top IT Solution Provider Award Given to ITsavvy

*ITsavvy just announced that for the third year in a row it is included on CRN's list of the top IT solution providers.*

ADDISON, ILL., UNITED STATES, March 26, 2018 /EINPresswire.com/ -- ADDISON, Ill.--ITsavvy just announced that for the third year in a row it is included on CRN's list of the top IT solution providers. The Tech Elite 250 list recognizes IT solution providers with outstanding technical expertise and premier certifications.

ITsavvy President and CEO Mike Theriault said, "It is an honor to be included in this list for three years running. This is continued validation of the dedication of our world-class team of engineers to stay on top of, and in many cases, ahead of industry advancements. We remain exceptionally qualified to exceed our clients' requirements."

The annual Tech Elite 250 list honors an exclusive group of North American IT solution providers that have earned the highest number of advanced technical certifications from leading technology partners.

Channel Company CEO Bob Skelley said, "Being named to CRN's Tech Elite 250 list is no small feat. These companies have distinguished themselves with multiple, top-level IT certifications, specializations and partner program designations from the industry's most prestigious technology providers. Their pursuit of deep expertise and broader skill sets in a wide range of technologies and IT practices demonstrates an impressive commitment to elevating their businesses—and to providing the best possible customer experience."

CRN is a brand of The Channel Company. To compile the annual list, the company's research group

and CRN editors work together to identify the most client-beneficial technical certifications in the North American IT channel. Companies who have obtained these designations—which enable solution providers to deliver premium products, services and support—are then selected from a pool of online applicants.

The Tech Elite 250 will be featured in the April issue of CRN, and at the publication's website.
