

Investment In Company Culture Pays Off And Cloudbakers Is Thrilled To Be In The Top 100 Best Places To Work In Chicago

Crain's Chicago Business released the 100 finalists for the 2018 Best Places to Work in Chicago, Cloudbakers being one of them based on strong company culture.

CHICAGO, ILLINOIS, UNITED STATES, March 27, 2018 /EINPresswire.com/ -- Cloudbakers has been named a finalist for the 2018 Best Places to Work in Chicago. Since 2008, Crain's Chicago Business has set out to find the local businesses that have excelled in creating quality workplaces for employees. This year, Crain's surveyed Chicago employees about everything from their workplace to benefits to company culture.

Cloudbakers is unique because all three of those surveyed factors— workplace, benefits, and culture— come down to the company's [core values](#). Caitlin Garcia, Manager of Human Resources at Cloudbakers states, "it's admiring to consistently hear from our job applicants and new hires just how much Cloudbakers' Core Values shine through our work and every one of the decisions we make."

This survey and awards program is designed to identify, recognize and honor the 100 best companies to work for in Chicago. The full Best Places to Work in Chicago ranking will be announced at an event on April 12 and featured in the April 16 issue of Crain's. It will also be available online at www.chicagobusiness.com.

“

Our workplace and our culture mean everything to us, and being recognized by Crain's Chicago Business solidifies that we're doing it right”

Mitch Greenwald, Founder of Cloudbakers

Determining the Best Places to Work in Chicago involved a two-step process. The first step consisted of evaluating each participating company's workplace policies, practices, and demographics. The second part consisted of employee surveys aimed at assessing the experiences and attitudes of individual employees with respect to their workplace. Scores from both steps determined the best companies and the final ranking. Crain's partnered with [Best Companies Group](#) to manage the overall registration and survey process, and also to analyze the data and use its expertise to determine the final ranking.

“Cloudbakers is delighted to be one of the finalists for this year’s list. Our workplace and our culture mean everything to us, and being recognized by Crain’s Chicago Business solidifies that we’re doing it right”, Mitch Greenwald commented on Monday’s published list.
