"We are delighted to have OnPage Corporation as a member of our global association," said Celia Weaver, MSPAlliance president. "By upholding the MSPAlliance Managed Service Provider's Code of Ethics, OnPage Corporation will work with MSPAlliance, as well as their industry peers, to help ensure the integrity of the managed services and cloud profession."

"OnPage is proud to have joined the MSP Alliance. We help thousands of MSPs every year, enabling them to provide 24x7 service, elevate incidents and adhere to SLAs when their clients' infrastructure is down. We know the challenging nature of their work. As such, we appreciate the Alliance's role in advocating for the power and ability of MSPs to keep businesses' IT running," said Judit Sharon, OnPage CEO.

ABOUT ONPAGE

OnPage is the industry leading HIPAA secure Incident Alert Management System. Built around the incident resolution lifecycle, OnPage's unique ALERT-UNTIL-READ solution continues for up to 8 hours and enables organizations to get the most out of their digital investments, ensuring that sensors, monitoring systems, and people have a reliable means to escalate anomaly notifications to the right person immediately.

OnPage's escalation policies, redundancies, and scheduling algorithms ensure that a critical message is never missed. Infinitely more reliable and secure than emails, text messages and phone calls

combined, OnPage reduces incident resolution time by automating the notification process, reducing human errors, thereby improving productivity and advancing the digital operations of your business.

Whether to minimize IT infrastructure downtime, or to minimize response time of healthcare providers in life and death situations, organizations are heavily relying on OnPage for all their secure, HIPAA compliant, critical notifications needs. For more information, visit www.onpage.com
