

Telecom Billing and Revenue management Global Market Reach \$14.16 Billion With 8.03% CAGR Forecast To 2022

Wiseguyreports.Com Adds "Telecom Billing and Revenue Management- Demand, Opportunities and Analysis Of Top Key Player Forecast To 2023" To Its Research Database

PUNE, MAHARASHTRA, March 28, 2018 /EINPresswire.com/ -- [Telecom Billing and Revenue Management](#) Industry

Description

The Global Telecom Billing and Revenue management market is accounted for \$8.24 billion in 2014 and is expected to reach \$14.16 billion by 2022 with a CAGR of 8.03% from 2014 to 2022. The factors that are favoring the market growth include, hastily growing telecommunication sector, deployment of innovative services and increasing number of customers, whereas factors such as quick growth of subscribers, network clogging, plunge in quality of services, and fallout of services area are inhibiting the market growth.

North America is surrounded with the challenges of the deregulated telecom market. North America and Europe have the highest adoption of billing and revenue management in the telecom ecosystem and regions such as Asia-Pacific, Middle East and Africa along with Latin America offer a lot of opportunities for the vendors. Countries in Asia Pacific region such as China and India has large subscriber base and ever changing regulatory scenario, thus creating demand for billing and revenue management solutions.

The global telecom billing and revenue management market is segmented on the basis of deployment type, service, software, and geography. On the basis of deployment, the market is segregated into on-site and cloud. On the basis of service, the market is categorized into system integration, planning and consulting services, operations and maintenance services, managed services and others. The market is segmented on the basis of software into negotiation, revenue assurance, partner management, fraud management, billing and charging and others. Global telecom billing and revenue management market by geography is categorized into North America, Europe, Asia Pacific and Rest of the World.

The key players in the Global Telecom Billing and Revenue management Market include Accenture, Cisco, Oracle, Ericsson, Hewlett-Packard (HP), SAP AG, Huawei Technologies, NEC Corporation, Amdocs and Comverse.
