

Dedicated Developers Reveals New Business Logo & the Meaning Behind It!

Dedicated Developers has also introduced a new company logo that better reflects the company's digital development capabilities and expanding market role.

ALPHARETTA, GEORGIA, UNITED STATES, March 29, 2018 /EINPresswire.com/ -- It's out with the old and in with the new as leading digital business solution provider Dedicated Developers introduces a new logo and vision for the company.

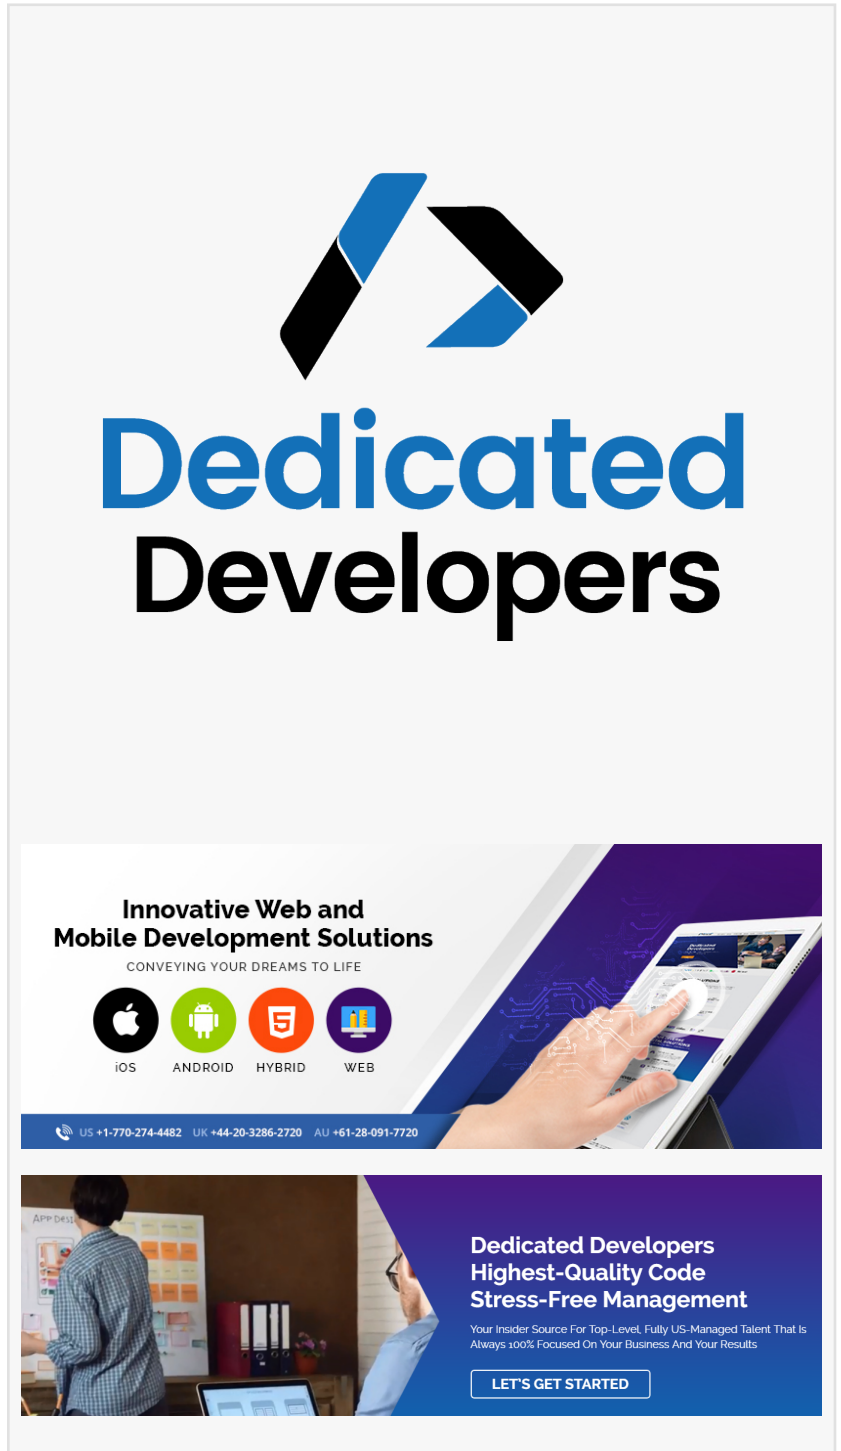

Company officials say the new logo is a better representation of the company's wide-ranging digital development solutions and future growth plans.

"To us our new logo means 'finishing the code,'" said Vishal Bhatia, co-founder of Dedicated Developers. "There are many development companies who know how to start the code for a web or mobile app for a client but very few who are able to finish the code on time and on budget – Dedicated Developers is that company."

The new logo is part of the growing company's new branding efforts which include a state-of-the-art redesigned website.

"We are now widely-recognized as a leading provider of awe-inspiring digital business solutions and we wanted the visible components of our business, such as are logo and website, to reflect that," said Vikas Bhatia, co-founder of Dedicated Developers.

The new logo is featured prominently on the business's revamped website and in other business communications.

The image displays the new logo for Dedicated Developers, which consists of a stylized 'D' formed by two overlapping chevron-like shapes, one blue and one black. Below the logo, the company name 'Dedicated Developers' is written in a large, bold, blue sans-serif font. The background of the logo area is a light gray. Below the logo, there is a banner for 'Innovative Web and Mobile Development Solutions' with the tagline 'CONVEYING YOUR DREAMS TO LIFE'. The banner features icons for iOS, Android, Hybrid, and Web development. A hand is shown interacting with a tablet displaying a website. At the bottom of the banner, contact information is provided: US +1-770-274-4482, UK +44-20-3286-2720, and AU +61-28-091-7720. Below the banner, there is a section titled 'Dedicated Developers Highest-Quality Code Stress-Free Management' with a sub-headline 'Your Insider Source For Top-Level, Fully US-Managed Talent That Is Always 100% Focused On Your Business And Your Results'. A 'LET'S GET STARTED' button is located at the bottom right of this section. The background of this section is a dark blue gradient.

“We are now providing web, software, mobile app development, android app development, [iPhone app development](#) and design services to companies in 25+ countries including the United States, Canada, United Kingdom (UK), Australia, New Zealand, India, Ireland, Belgium, Spain, Netherlands, Sweden, Nigeria, Germany, Japan, Singapore and more etc. – and we feel this new logo will instantly let prospective clients know they have found a company that can help them complete their project and reach their business goals,” said Vikas Bhatia.

About Dedicated Developers:

The company was founded in 2007 by Vishal Bhatia and Vikas Bhatia, who have over 25 years of combined development and design experience. Both founders graduated from the University of Colorado at Boulder with master’s degrees in electrical and computer engineering.

Together, Vishal and Vikas have built a high performing team using strict selection criteria that has resulted in less than 5% of all applicants being chosen to work for the company. The Dedicated Developers team includes: Graphic & Website Designers, Web Developers, PHP Coders, [Android Developer](#), iPhone Mobile Application Developers and much more.

If a company is preparing to expand its business onto the Internet, or is in need of more modern technology, Dedicated Developers is uniquely qualified to help it reach more potential clients both local and worldwide. And, with its customizable service and pricing plans, the company makes the best [web development services](#) affordable for almost any business.
