

Can Millennials/GEN Z Save America From Trump?

CSPP - there's a new political party in town!

SEATTLE, WA., USA, March 31, 2018 /EINPresswire.com/ -- I believe that America is at a critical juncture in its ability to survive. The current Administration is in constant turmoil and unqualified individuals hold key cabinet positions. The "swamp" has now become a raging cesspool of greed and corruption. The Republicans, and a Putin-manipulated Trump, are destroying America. Even the Democrats are totally powerless. Can anything be done to save America?

"Yes!" says V. M. Mohr, the Founder of the Common Sense Progressive Party. "But fixing the system alone won't work. The Republicans and Democrats have tried, and failed, for over 200 years. The "rich old white men" need to leave and give our promising young Generation Z and Millennials their chance. They have already shown their eagerness to participate and we're very willing to work with them."

The Common Sense Progressive Party, with members around the world, was founded in the summer of 2016. They claim, "A RADICAL new concept! We call it "telling the truth" and "using common sense". RADICAL because no one seems to have tried it yet." Its current focus is on helping Generation Z and Millennials transition into a viable and formidable political force for America's future.

"We have a \$21 TRILLION dollar budget deficit which will grow very fast due to Trump's tax cuts." Mohr continued. "And Trump wants funds for his wall, for our crumbling infrastructure, and another huge increase for our military. Where are the funds coming from to pay for all this? Spending more and taking in less leads to bankruptcy. Something Trump is very familiar with."

CSPP believes that America is being manipulated towards failure by the current Administration and Putin. "Trump doesn't criticize Putin because he borrowed money from Putin's cronies. I don't think there's collusion but I do believe there's manipulation. Putin can do whatever he wants because Trump, in essence, owes him." Mohr explained. "And Putin wants to see the USA lose just like his blessed USSR lost."

"Our only hope for survival comes from our young. But they must act swiftly since Trump has us on the Titanic. Everyone onboard is happy and partying until that nasty iceberg shows up. And make no mistake about it, it will come soon, and it will sink the ship." Mohr concluded.

Perhaps a new start is something we should all consider. The full story, if you are interested, can be seen on their website at: <http://www.commonsenseprogressiveparty.org> .
