

Catalyst Releases Unrivaled 100% Waterproof Case for Apple HomePod

Listen to music, news and control home smart features from 33 feet underwater!

LAS VEGAS, NEVADA, UNITED STATES, April 1, 2018 /EINPresswire.com/ -- Catalyst today is releasing a new waterproof case for the Apple HomePod. The only one of its kind, the 100 percent waterproof case allows you to bring music to the true depths of ultimate relaxation. The Catalyst Waterproof case for Apple HomePod is securely protected to meet IP68 waterproof standards to 33 ft (10 m), designed with a double O-ring and marine-grade stainless steel latches that hold the case securely together. The True Sound Aquaphonic™ acoustic technology delivers clear sound transmission and is specifically tuned for poolside bass resonance.

“This case truly shows our industry-leading design and engineering capabilities,” said Co-Founder and Chief Designer Josh Wright. “This waterproof Apple HomePod case is the only solution in the market uniquely designed to complement every feature of the device while providing 360° protection. Now you can listen to music, news, control your home air conditioner or security system and add to your weekly grocery list from 33 ft (10m) under water. We’re certain that no one else has thought to make an AC powered waterproof speaker. The new waterproof HomePod case is unrivaled in the market and will change the way you live your life.”

“

We’re certain that no one else has thought to make an AC powered waterproof speaker. The new waterproof HomePod case is unrivaled in the market and will change the way you live your life.”

*Josh Wright, Chief Designer
and Co-Founder*

The Catalyst Waterproof case for Apple HomePod is drop-proof up to 6.6 ft (2m) and perfectly designed for the outdoors with its military-grade impact protection. The HomePod case is manufactured with a clear Polycarbonate top housing that showcases and emphasizes the HomePod’s futuristic and edgy design and has a seamless interface with the responsive Apple touch surface. With the new waterproof Apple HomePod case, you can maintain full control and use of Siri remotely with Wi-Fi access no matter where you are, including underwater. Now you can say “Hey Siri, time my laps in the pool.”

Catalyst Waterproof Case for HomePod

ABOUT CATALYST

Catalyst is a premium lifestyle accessories brand founded to create iconic products that enable people to explore and share their world. Catalyst offers the highest performance accessories that are the best value for their customers. Josh Wright is an award-winning industrial designer who graduated from the Art Center College of Design and June Lai is the research, development and business partner at Catalyst. In 2010, after seeing a requirement for a product that fit their needs but did not yet exist, they designed and developed a line of high-performance everyday case, accessories and sleeves for their many outdoor and underwater adventures. Catalyst is available in more than 70 countries including USA, Canada, UK, Germany, China, Japan, Korea, Australia and the GCC.
