

Bitcoiin B2G – A Truly Independent Cryptocoin

Airfare, hotels, merchandise, trading, commodities, services and labor – all will soon be exchangeable for Bitcoiin B2G. The sky is truly the limit.

HONG KONG, CHINA, April 2, 2018 /EINPresswire.com/ -- [Bitcoiin B2G](#) (www.bitcoiin.com) ended its ICO sale on March 26, 2018. Now this new cryptocurrency has entered its mature phase, as a truly independent [cryptocoin](#). As Bitcoiin B2G is set free to float on the world market, three things are true.

Bitcoiin B2G will be a Global Unit of Exchange

Now that the ICO is closed, Bitcoiin B2G will, in a few short days, be ready to be used as a global unit of exchange. This was always the plan. Bitcoiin B2G's organizers, now having set the coin free onto the global market, will watch together with everyone else in the cryptocurrency community, as Bitcoiin B2G debuts on the world market. Freely fungible, exchangeable for other cryptocurrencies and fiat money, Bitcoiin B2G will, we hope, soon find itself listed on established world cryptocurrency exchanges. The next step after that is for Bitcoiin B2G to establish itself as a worldwide unit of exchange.

Bitcoiin B2G will be mined by independent miners

Bitcoiin B2G is now being mined by independent miners. Of these, Dragon Mining Technology is the dominant player at the moment. We do not know what new mining operations will emerge to mine this new currency. But it seems nearly certain that capital will be attracted, technology will be deployed, and Bitcoiin B2G will be earned by enterprising miners.

Bitcoiin B2G's value will be determined by the global market

As with older cryptocurrencies, like the original bitcoin, Ether and Bitcoin Cash, the value of Bitcoiin B2G will rise as a function of utility. As a utility coin, we feel sure Bitcoiin B2G will soon be accepted not just on coin-to-coin exchanges, and for fiat currency, but also with merchants and service providers around the world. Airfare, hotels, merchandise, trading, commodities, services and labor – all will soon be exchangeable for Bitcoiin B2G. The sky is truly the limit.

What lies ahead? Savvy players can still purchase Bitcoiin B2G tokens, trade their Bitcoiin B2G for original bitcoin, or hold their position and wait to see what the price will do in the days and weeks to come.

A Unique Opportunity: Cryptocurrency enthusiasts, depositors and adventurers have seldom had such a chance to participate in the exhilarating launch of an integrated cryptocurrency ecosystem, with built-in controls and explosive upside growth potential.

Bitcoin B2G announces the second generation of cryptocurrency. Catch the wave.
