

Transurban and Active Risk Manager shortlisted for StrategicRISK Risk Product of the Year

MELBOURNE, VICTORIA, AUSTRALIA , April 4, 2018 /EINPresswire.com/ -- Sword Active Risk, a supplier of [specialist risk management software](#) and services, has announced that together Active Risk Manager and Transurban have been shortlisted for [Risk Product of the Year](#) by StrategicRISK. In addition, Transurban is also shortlisted for the StrategicRISK award, which recognises efforts

“

Transurban is a long standing customer, and we are delighted to see their hard work and innovative approach to Risk Management has resulted in being short-listed for three prestigious industry awards.”

Keith Ricketts, VP Global Marketing, Sword Active Risk

where Risk Management has evolved to support better strategic decisions within the business, and for Asia-Pacific Risk Management Team of the Year.

Karl Davey, Head of Risk at Transurban said; “At Transurban we view risk management as a critical pillar in our growth and future success. Therefore we required a true Enterprise Risk Management (ERM) solution to provide an open transparent medium to support all risk management activities. We are now 12 months on from implementation and we have developed a community of more than 150 active practitioners, and over 80 active risk registers spanning multiple operations, project, business and strategic activities, and acquisitions. “ARM has allowed the business to leverage our ERM approach to harness risk intelligence, share risk management

knowledge, controls and solutions to help solve issues and share opportunities, and most importantly, to drive innovation within the business.”

Keith Ricketts, Vice President of Global Marketing at Sword Active Risk commented; “Transurban is a long standing customer of Sword Active Risk, and we are delighted to see their hard work and innovative approach to Risk Management has resulted in them being shortlisted for three prestigious industry awards.”

NOTES TO EDITORS

About Sword Active Risk

Sword Active Risk makes risk management simple, valuable and personal. Sword Active Risk provides the world's first risk management software that drives business performance by enhancing visibility, accountability and confidence at project, program and enterprise levels. Active Risk Manager (ARM) is the first solution available which integrates Risk Management, Cost Management and Schedule Management to show the real impact of risk, to enable better-informed decisions, and the ability to leverage risk, creating competitive advantage.

Sword Active Risk is the project risk software provider of choice for the world's leading Energy, Infrastructure and Defense projects, working with organizations like the US Air Force, Bechtel, Crossrail, US Federal Aviation Administration, Lockheed Martin, and Skanska to manage project risk worldwide.

Sword Active Risk has offices in the UK, USA and Australia, servicing customers worldwide directly and through a growing network of partners.

In September 2013 Active Risk was acquired by Sword Group. For more information please visit: www.sword-group.com
