

# NY Gov. Cuomo Involved in Wide-Scale Discrimination & Civil Rights Atrocities

*Civil Rights leader Dr. Martin Luther King Jr. would be outraged that people with disabilities do not have equal access to 911 medical & police services*

ALBANY, NEW YORK, UNITED STATES, April 6, 2018 /EINPresswire.com/ -- [Civil Rights](#) Leader, [Dr. Martin Luther King Jr.](#) fought and was killed for equal rights, yet some of the worst discrimination in civil rights continues in 2018 in New York State because of [Governor Andrew Cuomo](#).

- 1955 - Rosa Parks was denied equal seating on a bus; she refused to relinquish her seat to a white man which was the spark that ignited the Civil Rights Movement that Dr. Martin Luther King Jr. championed.

- 2018 – New York Governor Andrew Cuomo continues to deny equal access to 911 emergency services for 1,000,000 people with disabilities. Cuomo also treats the disabled unequally by denying our most vulnerable their basic constitutional right to equal protections of laws when they are victims of crimes.

“

Dr. King is an inspiration and hero to me, like him, I must be a strong voice to defend the defenseless and speak out against these gross injustices.”

*Michael Carey - Advocate for people with disabilities and their families*

"Injustice anywhere is a threat to justice everywhere." - Dr. Martin Luther King Jr.

It is amazing that Gov. Cuomo claims to champion equal rights, but ignores New York State residents with disabilities, the massive Discrimination in Civil rights cannot be any clearer.

Gov. Cuomo's press release on the 50th anniversary of the assassination of MLK makes no mention of the disabled, they are a forgotten group of people and they are victims of horrific discrimination. The number one known reason for what are being called "untimely" deaths, but in all reality, criminally negligent homicides, of people with developmental disabilities is staff NOT calling 911. As Cuomo looks the other way and countless innocent people with disabilities die because they do not get 911 emergency assistance, he continues to do everything possible to hide his civil rights violations and the wide-scale discrimination.

Gov. Cuomo has the nerve to say this in his press release on the 50th anniversary of the assassination of Dr. King;

"We continue to fight against discrimination, inequality ..." Then his very last sentence and statement is "The obligation to continue Dr. King's work now, more than ever, rests in our hands." Yet, at the very same time, literally thousands of crimes occurring against the disabled in his mental health care system, including most rapes and deaths, every year disappear and are purposefully kept from local authorities and the courts.

Dr. King would vehemently speak out against this evil to end this horrific discrimination against the disabled. Dr. King is an inspiration and hero to me, like him, I must be a strong voice to defend the defenseless and speak out against these gross injustices.

Governor Cuomo must be investigated by the US Department of Justice Civil Rights Division and Criminal Division for some of the worst civil rights atrocities imaginable, they are likened to war crimes. Numerous federal crimes, along with the civil rights atrocities, corruption and obstruction of justice is believed to be the worst in New York State history.
