

USIF's Nicholas Mastroianni Announces EB-5 Petition Approvals Issued to Investors for The Charles in New York City

I-829 petition approvals have now been issued for another successful U.S. Immigration Fund EB-5 project offering, The Charles, in NYC's Upper East Side

JUPITER, FLORIDA, U.S.A., April 11, 2018 /EINPresswire.com/ -- [U.S. Immigration Fund](https://www.usif.com) ("USIF") is proud to announce the first I-829 petition approvals issued to EB-5 investors who invested in The Charles in New York City. To date, more than 3,200 U.S. Immigration Fund investors have received I-829 and/or I-526 approvals.

The I-829 petition requests to remove the conditions of the investor's conditional I-526 Visa and is the final step of the EB-5 visa process for immigrant investors to become lawful permanent residents of the U.S. The I-829 petition includes evidence that the immigrant investor successfully met all United States Citizenship and Immigration Services (USCIS) requirements of the EB-5 Program, specifically that the full

\$500,000 investment was made and the required jobs were created. Once the I-829 is approved, an investor's conditional residency restriction is lifted, allowing the investor, his/her spouse, and unmarried children under the age of 21 to live in the United States permanently. The approval of the I-829 petition indicates that the EB-5 investment was a success.

“
