

Modular Housing For Federal Agencies

Federal Agencies Choose Modular Housing For Employee Housing Solutions

PHOENIX, ARIZONA, USA, April 9, 2018 /EINPresswire.com/ -- Department of Health and Human Services (DHHS) is a federal agency that works in rural and remote areas. One of the extreme challenges in rural areas is providing affordable housing for employees. In order to keep good employees from moving to other opportunities, DHHS must provide modern and affordable housing solutions.

DHHS is also subject to following all of the federal procurement requirements and representations and certification clauses such as buy american, and competitive proposal solutions. When DHHS needed solutions for their facility located in Keams Canyon, AZ they chose [Modular Solutions, Ltd](#) a Phoenix based factory direct modular manufacturer.

Modular Solutions, Ltd provided DHHS with IRC modular homes and included custom design and specification features to meet or exceed all federal government expectations. By hiring Modular Solutions, Ltd to provide affordable employee housing DHHS was able to get new modernized housing on a design-build basis including site work in less than six months.

“

Modular Solutions, Ltd provides affordable housing solutions for federal agencies”
Mitzi Garcia

DHHS chose an IRC [modular home](#) due to the rigorous structural design elements. IRC modular homes have a much longer life cycle than HUD homes and can be constructed to meet ADA compliance throughout. By choosing a custom factory direct IRC modular home from Modular Solutions, Ltd DHHS also had unlimited design choices for finish materials for the interior and exterior.

DHHS utilized the [GSA](#) contract to purchase their new custom IRC modular homes.
