View the confirmed list of attendees to see who to network with and join them by booking on event website – SMI [Smart Water Systems conference](#)

A brief overview of what to expect at Smart Water Systems:

24 April (Pre-conference Workshop)

A data driven approach to managing water networks - hosted by Artesia Consulting;

25 April (Day 1 - Main Conference) will open with a regulatory keynote from OFWAT; addressing topics on customer engagement (Anglian Water Services and Thames Water); strategies towards PR19 goals (Sutton & East Surrey Water Plc, Southern Water, Severn Trent Water Ltd); improving the operational efficiency of water utilities (Bentley Systems International Limited); water smart software (WaterSmart Software); and give insight on projects utilising data intelligence (Northumbrian Water);

26 April (Day 2 - Main Conference) will explore key issues surrounding the evolution of smart sensors (Irish Water); the broader move to smart grids for utilities (Vitens); enhancing customer engagement (De Watergroep); big data handling (Kamstrup A/S); and applying behavioural insights to the energy environment and sustainability (The Behavioural Insights Team).
