

Cryptos Fund, the leading cryptocurrency index fund, opens in the USA

Cryptos Fund, the first regulated cryptocurrency index fund, is pleased to announce the launch of a new entity dedicated to qualified investors.

PRINCETON, NJ, USA, April 12, 2018 /EINPresswire.com/ -- [Cryptos Fund](#) (US) is based in Princeton, NJ, and is managed by Hermes Asset Management, with a team lead by Igor Rivin, one of the world's most respected mathematicians, professor of Mathematics at Temple University and former Regius Professor at St. Andrews. The fund tracks the [CCi30](#) index of the 30 main cryptocurrencies, thus allowing investors to gain exposure to the entire Blockchain sector. The CCI30 grew over 4,800% during 2017, considerably outperforming Bitcoin and other cryptocurrencies, with lower volatility.

Carlo Scevola, one of the fund's principals, says: “offshore operations of Cryptos Fund have achieved an unprecedented success, and following the great demand from US-based investors we have decided to setup this new structure in order to accommodate a larger investors base.”

“

Cryptos Fund is the best vehicle for investing in the entire cryptocurrency/blockchain sector.”

Carlo Scevola

“The blockchain sector is still in its infancy and it has enormous growth potentials”, says Dr. Igor Rivin, the Chief Research Officer. “Institutional investors have just started to enter this sector, and we expect more and more players of the caliber of George Soros and Warren Buffett to join the field in the next future. We believe that following the CCI30 index is a smart way to invest in the brave new world of

cryptocurrencies. While we certainly have no crystal ball, we feel that this is the most prudent way to explore the market”.

Jeffrey Zorn, the Chief Security Officer says: “The fund is the best instrument for participating in the growth of cryptocurrencies and the blockchain technology, which is one of the 3 most important inventions of the last 50 years, together with silicon and the internet. Cryptos Fund provides its investors with the highest levels of security: counterparty risk has been completely neutralized, and the assets are held in our proprietary cold storage, with redundant facilities and military-level physical

protection. We can confidently say that our security levels are far greater of those of any bank". Jeffrey Zorn is a global security expert. Major, USMC, recipient of the Bronze Star Medal with Valor device, former military aide to the U.S. president at the White House, in this role he was in charge of carrying the "football", the briefcase containing the codes for the U.S. nuclear arsenal. Today Zorn consults global corporations and governments on security matters and is the responsible for all the security aspects of Cryptos Fund.

Top quality service providers are employed by the fund: Trident Trust, administrator; Baker Tilly, auditor; Morgan, Lewis & Bockius, legal advisor; BMO Harris, banker.

Cryptos Fund accepts subscriptions from qualified investors starting from \$10,000. It doesn't charge subscription, redemption or performance fees, while the management fee is as low as 0.99%, depending on the size of the subscription.
