

Carboxylic Acid Market 2018 Global Share, Trend, Segmentation and Forecast to 2021

PUNE, INDIA, April 12, 2018 /EINPresswire.com/ --

Global Carboxylic Acid Market

WiseGuyReports.com Presents "Global Carboxylic Acid Market 2017-2021" New Document to its Studies Database. The Report Contain 85 Pages With Detailed Analysis.

Description

Carboxylic acids are organic compounds consisting of a carbonyl and hydroxyl groups attached to the carbon. The suffix '-oic acid' is used to name the organic acids derived from carboxylic acids. Ethanoic acid is the most widely used carboxylic acid. It is commonly known as acetic acid (vinegar). Carboxylic acids such as the ones mentioned above cater to a wide range of industries, including paints and coatings, manufacture of polymers, agrochemicals, cosmetics, and synthetic lubricants.

The analysts forecast the global carboxylic acid market to grow at a CAGR of 5.52% during the period 2017-2021.

Covered in this report

The report covers the present scenario and the growth prospects of the global carboxylic acid market for 2017-2021. To calculate the market size, the report considers the sales of acetic acid, citric acid, propionic acid, stearic acid.

Get sample Report @ <https://www.wiseguyreports.com/sample-request/1690599-global-carboxylic-acid-market-2017-2021>

The market is divided into the following segments based on geography:

- APAC
- Europe
- North America
- ROW

The Global Carboxylic Acid Market 2017-2021, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Key vendors

- BASF

- Celanese Corporation
- Eastman Chemical Company
- Perstorp Holdings
- The Dow Chemical Company

Other prominent vendors

- Alfa Aesar (Thermo Fisher Scientific)
- Ashok Alco - chem
- BASF-YPC
- Finetech Industry
- Jiangsu Sopo Group
- LyondellBasell Industries
- OXEA
- Shenyang Zhangming Chemical

Market driver

- Increased industrial use of carboxylic acids
- For a full, detailed list, view our report

Market challenge

- Rising environmental and health concerns
- For a full, detailed list, view our report

Market trend

- Simplified process to convert carboxylic acids into boronic acids
- For a full, detailed list, view our report

Key questions answered in this report

- What will the market size be in 2021 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?

Table of Contents -Major Key Points

PART 01: Executive summary

PART 02: Scope of the report

PART 03: Research Methodology

PART 04: Introduction

- Overview

PART 05: Market landscape

- Market outlook
- Five forces analysis

PART 06: Market segmentation by type

- Global carboxylic acids market by product type
- Global acetic acid market
- Global citric acid market
- Global market for stearic acid
- Global market for propionic acid
- Global market for other types of carboxylic acids

PART 07: Market segmentation by end user

- Global carboxylic acids market by end user
- Global carboxylic acids market for consumer goods
- Global carboxylic acids market for animal feed
- Global carboxylic acids market for lubricants
- Global carboxylic acids market for food and beverages
- Global carboxylic acids market for pharmaceuticals
- Global carboxylic acids market for cosmetics
- Global carboxylic acids market for other applications

PART 08: Geographic segmentation

- Global carboxylic acids market by geography
- Carboxylic acids market in APAC
- Carboxylic acids market in Europe
- Carboxylic acids market in North America
- Carboxylic acids market in ROW

PART 09: Decision framework

PART 10: Drivers and challenges

- Market drivers
- Market challenges

PART 11: Market trends

- Simplified process to convert carboxylic acids into boronic acids
- Novel methods for selective transformation of carboxyl groups

PART 12: Vendor landscape

- Competitive scenario
- Other prominent vendors

PART 13: Key vendor analysis

- BASF
- Celanese Corporation
- Eastman Chemical Company
- Perstorp Holdings
- The Dow Chemical Company
