

Silicon Legal Launches Colorado Office

DENVER, April 5, 2018 -- Silicon Legal Strategy has launched its third office location in Denver, Colorado.

DENVER, CO, USA, April 12, 2018 /EINPresswire.com/ -- DENVER, April 5, 2018 -- [Silicon Legal Strategy](#) has launched its third office location in Denver, Colorado. The Denver office is the first in Colorado and will join the firm's headquarters in San Francisco and office in Los Angeles. To celebrate its launch, Silicon Legal will host the reception of the Silicon Flatirons Center at the University of Colorado Law School's Crash Course In Virtual Reality And Augmented Reality Event at 5:30 p.m. on April 12, 2018 in Boulder.

"Silicon Legal has represented several of our portfolio companies, including Chewse, June Oven and Triggitt. The firm has a strong reputation in the [entrepreneurial and venture capital communities](#) for providing practical, business-minded advice to its clients," said Jason Mendelson, Managing Director at Foundry Group.

"We are thrilled to expand into the Colorado market and to continue our growth into 2018," said Andre Gharakhanian, Founder and Partner of Silicon Legal, who is based in San Francisco.

Sarah Boulden, Head of the Denver office, holds a JD and an MBA from the University of Colorado at Boulder. "After spending time in the San Francisco startup world, I am excited to reintegrate into Colorado's robust startup community, and I look forward to expanding Silicon Legal's entrepreneurial legal work here," says Boulden.

About Silicon Legal Strategy

[Silicon Legal Strategy is the premier boutique law firm](#) providing targeted, bottom-line-oriented advice to technology startups, innovative entrepreneurs and seasoned investors. Trained at the top firms in Silicon Valley, our attorneys and staff are incredibly passionate about technology and have extensive experience representing early stage companies and investors. We are a known quantity in Silicon Valley, and work with or sit across the table from every major law firm in the area. Perhaps most importantly, we ourselves are entrepreneurs. We truly understand the challenges of a startup -- like building and motivating a team, creating repeatable processes to ensure continued customer satisfaction at scale and dealing with infrastructure issues. We face these challenges every day -- and as a result, are able to deliver more relevant bottom-line-oriented advice. Put simply, we actually "get" what entrepreneurs are going through.
