*This market research report on the Global OKR Software Market is an all-encompassing study of the business sectors up-to-date frameworks, industry enrichment.*

PUNE, MAHARASHTRA , INDIA, April 13, 2018 /EINPresswire.com/ -- Objectives and Key Results (OKR) is a popular leadership process for setting, communicating and monitoring quarterly goals and results in organizations. The goal of OKRs is to connect company, team and personal objectives in a hierarchical way to

measurable results, making all employees work together in one unified direction. OKRs are usually implemented in special [OKR software](#). Big part of OKRs is making sure each individual knows, what's expected of them at work. OKRs are kept public in front of everyone, so people and teams move towards the same goals and know what others are focusing on. Usually OKRs are part of a recurring quarterly planning and progress review process. While majority of OKR usage is quarterly, some companies also set annual or monthly OKRs.
